

Directions to the Senate Page Office

Accessing the State House / Government South Building

The Senate Page Office is located inside the Government South Building, 302 W. Washington Street, Indianapolis. There is only one entrance for general public access. You must enter by the southeast door of the Government South Building, marked “302”, (big blue sign).

You should plan to enter the building through the security entrance and take the escalator to the lower level of the Government South Center. Please come directly to the Senate Page Office, Room E032.

The Senate Page Office is located across from the Government South Building cafeteria, behind the escalators near the Chase Bank. The Government South Building wheelchair access is located on the southeast corner of the building.

There is no longer general public access to enter the Government South Building through the tunnel connecting to the lower level of the State House. To allow Pages to enter the State House, Senate Pages will be issued a one day access pass that allows entry to both the Government South Building and the State House.

The general public may enter the State House through doors located on Capitol Avenue and Senate Avenue (Senate Avenue entrance is wheelchair accessible.)

Please call our office at 317-232-9410 or 317-232-9411, for directions and assistance.
